

Join Us September 21st For a Child Passenger Safety Week Twitter Chat!

Help @NHTSAgov Spread the Word About Child Passenger Safety

IS YOUR CHILD IN THE RIGHT CAR SEAT?

Who: Anyone with an interest in child passenger safety

What: Child Passenger Safety Week Twitter Chat

When: Wednesday, September 21, from 3-4 p.m. EST

Where: Twitter, using the hashtag #therightseat

Why: For children ages 1 to 13, motor vehicle crashes are a leading cause of death. In 2014, an average of 3 children were killed and 458 injured every day while riding in cars, SUVs, pickups, and vans. Let's work together to help spread the word about child passenger safety, and help parents and caregivers choose and use #therightseat.
